ABOUT US

Welcome to Mt Horeb International Christian School, a Boys and Girls Campus! We are a small Christian Weekly boarding school for young boys and girls, ages 10 and above. Being a small school allows us to have a much more affordable tuition than most boarding schools. We also can work with each student, one on one! Smaller schools may not be a great fit for everyone, but some Student really do benefit from being in a smaller school.

With the rapid changes in our society, it's becoming harder and harder to live a clean, Godly life. Internet technology opens many doors to entertainment and activities students can easily access, and blur the line between what is right, and what is wrong. At Mt Horeb ICS Campus, your child will have the opportunity to focus on what's important in life. Our goal for Children enrolled at Mt Horeb ICS is to help them become Godly, upright young Children.

We believe that a consistent daily living schedule can help your child learn to make the right decisions. Some Children simply need to learn the love of Christ. Some need a more concentrated effort on getting caught up in school. Some need to learn the importance of respecting others and themselves. And some just need a change of environment separated from the negative impact of internet addictions, and harmful relationships.

Whatever your case may be, please give us a call. We can discuss whether or not your child would be a good fit into our school. If your child is not a good fit, we will refer you to some other schools.

STUDENTS WELL BEING

The Residential life for the boys at Mt. Horeb is designed to help them develop independence and self-reliance. As they grow older, they're trusted to manage their own time

At Mt. Horeb, we promote the personal development of our students and secure the growth of a healthy residential community. The residential life at Mt. Horeb is in a safe, caring environment monitored by staff 24/7. Children live in a comfortable residence, with a homely common room, mini rooms able to host 3-5 Students. Students and staff enjoy healthy meals together every day in our cafeteria. We work with the Supervisors who live in your dorm so your time there is safe, positive, and enriching.

DISCIPLINE IN THE DORMS

We oversee the discipline system, which is designed to help you take responsibility for your actions. We work with the Prefect Board, our group of senior student leaders, to help you understand the privilege of living in a school community that values godliness, integrity, growth and service.

FUN ACTIVITIES

We work with the child mentorship programs to plan student activities that are positive, appropriate, fun and intentional on nurturing a holistic young person. Children at Mt Horeb ICS enjoy outdoor activities on our campus that includes a soccer pitch, basketball court, and weight-lifting area. Children attend classes, Monday through Friday, and have an early release on Friday to head home every weekend to catch up with their parents and family apart from designated weekends for on campus activities. They get back to campus on Sunday between 2:00pm – 6:00p. Mt Horeb staff also live on-campus in housing attached to the school.
